Not only is **Annah Yevelenko** an absurdly talented hair and makeup artist, she's also the Beauty Editor for glossy fashion pub **Bisous** magazine. She has a **bazillion** clients from print to film, some of which include Chad Michael Murray, Natalie Cole and Lady Victoria. In what little free time she finds, Annah chronicles her adventures in hair and makeup on her **Belle Face WordPress** site, and it's pretty safe to say the girl has tried it all. So, we asked Annah to share some of her must-have hair and beauty finds of recent. Wanna know how to make a quick at home face scrub? Read on.

1) What are your top must have hair products and beauty/skincare products you're loving at the moment?

Hair: Anything **Oribé!** I also can't live without **Leonor Greyl** styling cream and adore the **Lionel Renard Thick-It**.

Beauty: My latest obsession is **Osea Malibu** — their products are head to toe and perfection. I never leave home without **StriVectin-SD Eye Cream**. **Babor** is my life saver in the winter. **Dermalogica** eye serum is my best friend. **MitoQ** is incredible. I recently became a huge fan of **Rodial Glamoxy Exfoliating Pads**. (I can do this all day.) **OH!** And check out **MIYU Beauty Tea**, it's epic.
