Valentine's Day is the most romantic holiday of the year and it's time to do something different with your makeup! Spice yourself up for a more sexy and seductive appeal for your upcoming haute date. Dark makeup is no longer considered eerie and gloomy; Vamp is in! Vampires aren't the only ones that can be mysterious, dark and charming - so why not emulate their essence with your own gothic glam look? This in-season look is easy to recreate with dark berry lips, luscious lashes, heavy liner and kissable cheeks. Promise to look sultry, but don't bite!
